No alcohol is best during pregnancy

Education/awareness topics available: Who is NEAFAN, what is FASD, why do women drink while pregnant, what are the truths about alcohol and pregnancy, what role can family and partner(s) play, how we can reduce the stigma and many more conversations...

Presentations are tailored to each audience (aged 18-45) from a trauma and culturally informed perspective.

FASD Matters and affects us all.

North East Alberta FASD Network
